(b) *Quantity, quality, specifications.* No federally inspected slaughterer and no slaughterer whose cattle are slaughtered in an establishment operated under Federal inspection shall deliver meat for civilian consumption unless he shall:

(1) Set aside, reserve, and hold for delivery as directed in paragraph (b) (3) hereof:

(i) 30 percent of the conversion weight of each week's production of beef obtained from steers and heifers of "U. S. Choice" grade;

(ii) 30 percent of the conversion weight of each week's production of beef obtained from steers and heifers of "U. S. Good" grade;

(iii) 30 percent of the conversion weight of each week's production of beef obtained from cows of "U. S. Good" grade;

(iv) 30 percent of the conversion weight of each week's production of beef obtained from steers, heifers, and cows of "U. S. Commercial" grade;

(v) 40 percent of the conversion weight of each week's production of beef obtained from steers, heifers, and cows of "U. S. Utility" grade (Grade C beef);

(vi) 50 percent of the conversion weight of each week's production of beef obtained from steers, heifers, and cows of cutter and canner grade (Grade D beef);

Provided, however, That the provisions of paragraphs (b) (1) (iv), (b) (1) (v), and (b) (1) (vi) shall not apply to any slaughterer located in the States of Arizona, California, Florida, Idaho, Montana, Nevada, Oregon, Utah, Washington, and Wyoming;

(2) Bone, in accordance with Army specifications for frozen boneless beef, not less than 80 percent of each grade and type of beef required to be set aside, reserved, and held under the provisions of paragraph (b) (1) (i), (b) (1) (ii), and (b) (1) (iii), respectively; *Provided, however,* That the Order Administrator may wholly or partially exempt any slaughterer from this requirement upon a proper showing that said slaughterer does not have adequate facilities for boning, or does not have, or is unable to obtain, sufficient personnel to bone said beef, or is unable to comply with this requirement for any reason which appears to the Order Administrator to warrant such exemption;

(3) Deliver to governmental agencies, authorized purchasers, and ship suppliers, before the close of each calendar week, beef of each of the grades specified in paragraph (b) (1) in an amount not less than the amount of beef of such grade required to be set aside, reserved, and held during the previous week.

This amendment shall become effective at 12:01 a. m., e. s. t., December 16, 1945. With respect to violations, rights accrued, liabilities incurred, or appeals taken, prior to said date, under War Food Order No. 75-2, as amended, all provisions of said order shall be deemed to remain in full force for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, liability, or appeal.

5. That the use of its said cigarettes will result in a lessening of the stain on the fingers or teeth resulting from cigarette smoking.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 32, Direction 6]

ADJUSTMENT OF ORDERS, RECEIPTS AND DELIVERIES IN CASE OF WORK STOPPAGES

The following direction is issued pursuant to PR 32:

(a) *What this direction does.* As a result of work stoppages in manufacturers' plants, strict application of CPA inventory restrictions might have an adverse effect on the production and distribution of critical materials. This direction permits continued receipts during the first thirty days, but requires complete adjustment of outstanding orders by that time. It is designed to prevent the unnecessary accumulation of critical materials on the one hand, and on the other to encourage maximum production.

The receipts permitted by this direction are in addition to those permitted under the inventory limits of Priorities Regulation 32 or any other applicable order or regulation, unless it specifically states to the contrary.

(b) *Permitted receipts after suspension of operations.* (1) A person whose operations are suspended due to a work stoppage in his own plant may continue to receive materials for a period not exceeding thirty days immediately following the suspension based on his rate of operation as scheduled immediately before that time. By the 30th day, however, his outstanding orders must have been adjusted, and if necessary postponed or cancelled, as required by paragraph (c) of Priorities Regulation 32, and he may thereafter continue to accept further deliveries only to the extent permitted by paragraph (h) of Priorities Regulation 32. Suppliers of the customer may continue to produce, and to ship or hold as arranged with the customer, only in accordance with the above.

(2) This paragraph (b) does not apply with respect to any part of the customer's operations which is not suspended or which resumes operations, and materials may be produced and delivered by the supplier and received by the customer under these circumstances as permitted by Priorities Regulation 32. This paragraph (b) also does not apply to tires and tubes for original equipment which remain subject to Order R-1.

(c) *Resumption of operations.* As soon as operations are resumed, the customer must promptly adjust, and if necessary postpone or cancel, all his outstanding orders to the extent required by paragraph (c) of Priorities Regulation 32, and all deliveries and receipts are again subject to all provisions of that regulation.

Issued this 13th day of December 1945.

PART 3293—CHEMICALS

[Conservation Order M-54, as Amended Dec. 14, 1945]

MOLASSES

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of molasses for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3293.91 *Conservation Order M-54—*
(a) *Definitions.* For the purposes of this order:

(1) "Molasses" means any molasses, sirup, sugar solution, or any form of fermentative sugar (derived from sugar cane or sugar beets) and hydrol (corn sugar molasses). The term does not, however, include sugar as defined in Rationing Order No. 3 or sugar intended for and used for manufacture into sugar as so defined, or edible molasses as defined in Food Distribution Order No. 51. Blackstrap molasses is any final molasses produced in the manufacture of sugar from sugar cane or from the refining of raw sugar and includes all beet molasses produced in the manufacture of sugar from sugar beets. Invert molasses is any molasses made from sugar cane without extraction of sugars. For the purpose of this order one gallon of invert molasses is to be construed as one and a half gallons of blackstrap molasses and one gallon of hydrol is to be construed as one gallon of blackstrap molasses.

(2) "Producer" means any person engaged in the production of molasses and includes any person who has molasses produced for him pursuant to toll agreement.

(3) "Importer" means any person who transports molasses in any manner into the continental United States. Release from the bonded custody of the United States Bureau of Customs shall be deemed a transportation.

(4) "Primary distributor" means any person, other than an importer or a producer, who sells molasses which he has acquired (other than as broker) from an importer or a producer.

(5) "Secondary distributor" means any person, other than an importer, producer or primary distributor, who sells molasses which he has acquired (other than as broker) from some person other than an importer or producer.

(6) A person may, at the same time, be an importer, a producer, a primary distributor and a secondary distributor. Amended Dec. 14, 1945]

SPECIAL PROVISIONS FOR ORDERS FOR PENICILLIN

The following amended direction is issued pursuant to Conservation Order M-300:

(a) The supply of penicillin is substantially less than present and anticipated military and other requirements, and it has become necessary in order to eliminate serious hazard to life and health, to give preference to certain essential orders for penicillin in accordance with the conditions of this Direction.

(b) *Definitions.* For the purposes of this Direction:

(1) "Penicillin" means a chemotherapeutic agent isolated from *Penicillium notatum*, *P. chrysogenum* and variants. The term includes penicillin in any medicinal tablet, ampoule or other form as well as bulk penicillin in any form.

(2) "Hospital" means any hospital for the treatment of humans located in the United States or its territories or possessions and the Veterans' Administration and the U. S. Public Health Service, but does not include any Army or Navy hospital.

(3) [Deleted Dec. 14, 1945.]

(c) *Preferred orders—(1) Orders to which preference is given.* The following types of orders for penicillin must be treated in all respects as if rated CC:

(i) Any order placed by a hospital, including orders previously placed but not filled on November 23, 1945.

(ii) Any order certified in accordance with subparagraph (2) below.

These orders are automatically preferred, and no application for a rating need be filed. A person receiving any order of the type specified may not extend a CC rating, but may place certified orders where permitted under paragraph (c) (2) below.

(2) *Certification.* Any person ordering penicillin to fill orders which he has received from hospitals, or to fill orders which he has received bearing certificates filed under this paragraph, may furnish the supplier with a certificate in the form prescribed below, except that a person who not only produces penicillin but also purchases it for resale, may place certified orders on other suppliers only to the extent that under paragraph (d) below he is not required to fill such orders from his own production. The certificate shall be in substantially the following form: "Certified as required to fill hospital orders under Direction 4 to M-300."

Name of purchaser

By -----
Duly authorized official"

The standard certification provided for in Priorities Regulation 7 may not be used instead.

(d) *Quantity of penicillin production for which preference must be given under this direction.* Notwithstanding paragraph (c)

(1) above, a producer of penicillin need not, during any calendar month, deliver on orders specified in paragraph (c) (1) from his own production more than an amount equivalent to either (1) 40% of his preceding month's production of penicillin or (2) 40% of his estimated production for that calendar month, whichever is greater. All of the penicillin which a producer buys for resale is subject to the orders specified in paragraph (c) (1) above. Moreover, all the penicillin which a producer produces or purchases for resale is subject to be delivered on other types of orders rated AAA, MM or CC under the same conditions as if this direction did not exist. Physical segregation of the penicillin he produces and what he buys for resale is not required as long as the above provisions are observed with respect to equivalent amounts.

(e) *Dosage forms.* Each producer shall if possible operate his facilities in such manner as to provide adequate quantities of penicillin required to fill orders placed by hospitals and certified orders in the dosage form specified in such orders. The same rule applies to persons purchasing penicillin for resale who possess facilities for preparing penicillin in dosage form.

(f) *Reports.* Reports of production, stocks and shipments shall be filed within 15 days after the close of each calendar month (reports for October, 1945, shall be filed as soon as possible after issuance of this direction) by every producer of penicillin.

These reports shall be filed on Form WPB-2947 in the following manner:

Specify in the blocks provided the name and address of the company reporting, name of materials, month, unit of measure (billion Oxford units).

In section I, show in column 1, Army parenteral, Army bulk, Army other dosage forms,

Navy parenteral, Navy bulk, Navy other dosage forms, export parenteral, export bulk, export other dosage forms, domestic civilian parenteral, domestic civilian bulk, domestic civilian other dosage forms, and list the quantities actually shipped in each of these categories in column 4 (change heading to read "quantity shipped"), showing the amount shipped from your own production separately from the amount shipped out of penicillin purchased by you for resale. Do not show individual customers names. Leave columns 1a, 5, 5a, 6 and 7 blank.

In section II list in column 9 production (total units of penicillin) irrespective of type of salt or dosage form) during the month for which the report is filed and in column 10 stocks (state separately stocks of purchased penicillin and stocks of penicillin produced by you) as of the first day of the current month. Leave other columns blank.

The above reporting requirements have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(g) *Communications to Civilian Production Administration.* Communications concerning this direction shall be addressed to the Civilian Production Administration, Chemicals Division, Washington 25, D. C., Ref: M-300, Direction 4.

Government corporation or agency may deliver ethyl alcohol to any person except as specifically authorized in writing by the Civilian Production Administration under this direction, provided that this restriction does not apply to the delivery of surplus property sold pursuant to Priorities Regulation 13.

(d) *Application by purchasers.* Persons seeking delivery of ethyl alcohol during any calendar month from the RFC (except delivery of surplus property sold pursuant to

Priorities Regulation 13) should request the Civilian Production Administration to authorize the Reconstruction Finance Corporation to deliver the alcohol desired to them. These requests should be made in the manner prescribed below.

(1) *Producers filing alcohol report under Order M-54.* A producer filing an alcohol report to be filed on or before the 15th day of any calendar month as required under paragraph (j) (2) of Order M-54 need not file a separate application under this paragraph but should indicate in Section I of that report what portion of the quantity specified in column 16 (Estimated Sales and Use) he wishes to purchase from the Reconstruction Finance Corporation during the following month, giving the types (formulas) desired, and what portion he proposes to produce from molasses.

(2) *Other persons.* Other persons should make application in writing on Form WPB-2947. Send one certified copy to the Civilian Production Administration, Chemicals Division, Washington 25, D. C. State also what portion of the quantity specified in column 16 (Estimated Sales and Use) you wish to purchase from the Reconstruction Finance Corporation, giving the types (formulas) desired, and what portion you propose to produce from molasses. In Section II fill in columns 9, 10, and 13 as indicated. Specify in column 16 the quantity you expect to deliver during the following month on sales to persons other than Reconstruction Finance Corporation for industrial purposes or to use for such purposes in your internal operations, and change the heading to read "Estimated Sales and Use Next Month". Leave columns 8, 11, 12, 14 and 15 blank.

(3) *Budget Bureau approval.* The above reporting requirements have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Chapter XI—Office of Price Administration

PART 1305—ADMINISTRATION

[SO 143]

PROCEDURE FOR WAIVER OF PROVISIONS OF CERTAIN PRICE REGULATIONS AND RATION ORDERS AFFECTING BUSINESS OR OCCUPATIONAL STATUS OF VETERANS

A statement of the considerations involved in the issuance of this supplementary order issued simultaneously herewith has been filed with the Division of the Federal Register. For the reasons set forth in that statement and pursuant to the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, the Second War Powers Act and authority delegated to the Price Administrator thereunder, it is hereby ordered:

§ 1305.171 *Procedure for waiver of provisions of certain price regulations and ration orders affecting business or occupational status of veterans—(a) Provisions for waiver.* Wherever, by reason of the provisions of any "price regulation" or "ration order", a "veteran" who was lawfully engaged in a responsible capacity (as defined in paragraph (c) (2) below) in a particular business activity at any time on or after September 16, 1939, but prior to his entry into the armed forces, is precluded from re-entering that business activity, or is for any reason unable to establish a quota under the regulation or order, or is limited to a highest price line or maximum average price inconsistent with his previous experience, the Administrator may, by order, waive such provision, or establish a necessary quota, highest price line, or maximum average price upon application by the veteran pursuant to the provisions of this supplementary order.

(b) *Application and content.* Any application under this order shall be filed by the veteran with the District Office of the Office of Price Administration having jurisdiction over the principal place of business of the activity proposed to be operated by the applicant and shall set forth the following information:

(1) The name and address of the applicant and of the principal place of business of the activity proposed to be operated by the applicant.

(2) The date of applicant's entry into and release or discharge from the Armed Forces and evidence that the applicant was after September 16, 1940 discharged or released from the Armed Forces under conditions not dishonorable after active service of 90 days or more, or by reason

of an injury or disability incurred in service in line of duty.

(3) A description of the applicant's business experience in the business activity which he proposes to re-enter (including dates and location of said business activity) stated in sufficient detail to meet the requirements of paragraph (c) (2) below.

(4) A description of the business which it is proposed that the applicant will re-enter; the price regulation or ration order applicable to such business; the specific provision of the applicable price regulation or ration order as to which an order of waiver is sought, or under which the applicant is unable to establish a quota, or under which the applicant is limited to a highest price line or maximum average price inconsistent with his previous experience.

(5) Evidence that the operation of the proposed business activity covered by the application will be the applicant's principal occupation.

(6) Evidence that the applicant satisfies the requirements of paragraph (c) of this order.

NOTE: Applicants subject to MPR 177, RMPR 287, MPR 570, section 1.2 of SR 14E or SO 108, should combine the information required by this paragraph with their applications as new sellers under those regulations, and should state, at the top of their applications, that they are made pursuant to this supplementary order as well as the applicable price regulation.

(c) *Required qualifications.* The Office of Price Administration will not issue an order of waiver or other appropriate order under this supplementary order unless it is established that the proposed business activity is one in which the veteran applicant has the necessary ownership interest and that he has had previous experience in a responsible capacity in the business activity, as required by subparagraphs (1), (2) and (3) below:

(i) *Required ownership interest:* In order to qualify under this paragraph the veteran must establish that he is or will be

(1) The principal owner and active head of the business activity covered by the application;

(ii) A joint owner of the business activity covered by the application actively engaged in the operation of the business activity covered by the application and the only other persons who own a part of that business activity are members of his immediate family or persons who would themselves be eligible to make application for re-entry into the same business activity pursuant to this supplementary order; or

(iii) A joint owner of the business actively engaged in the operation thereof and the financial interest held by him and by members of his immediate family or other veterans eligible under this supplementary order to make application for re-entry into the same business activity aggregate the principal ownership of the business activity.

(2) *Required previous experience.* In order to qualify under this paragraph, the veteran must establish that he has had experience in the business in a re-

sponsible capacity between September 16, 1939 and his entry into the armed forces. For purposes of this order, experience in a "responsible capacity" means previous ownership (partial or total) of a business in whose operation the applicant was actively engaged, or employment in a business in a managerial capacity or other responsible capacity in which applicant shared in the determination of the prices charged by the business for its product or services.

(3) *Level of business activity.* In order to qualify under this paragraph, it must be established that the business activity which the veteran proposes to operate is at the same level of distribution or processing as that in which he was formerly engaged, and that the business activity in which he was formerly engaged was such that it would have been subject to the provisions of the Price Regulation or ration order as to which waiver or other appropriate action is sought if such regulation or order had been in effect at the time during which he was engaged in such business activity.

(d) *Restriction on transfers.* Any order issued by the Office of Price Administration under this supplementary order shall remain in effect only so long as the conditions of the supplementary order continue to be satisfied. Any such order shall become automatically inoperative whenever by reason of change in circumstances, whether by transfer or otherwise, the business activity ceases to satisfy the express conditions of this supplementary order.

(e) *Establishment of quotas, highest price line, and maximum average price.* Wherever under the provisions of the applicable regulation or order it is necessary that the seller have an established quota and such quota cannot be established by the applicant himself under the provisions of the regulation or order, the Office of Price Administration may establish a quota for the applicant in line with the quotas of comparable sellers in the same locality whose operations are most nearly like those of the business activity proposed to be operated by the applicant.

Wherever, under the provisions of the applicable regulation, the applicant is subject to a highest price line or maximum average price inconsistent with his previous experience, the Office of Price Administration may establish a highest price line or maximum average price for the applicant in line with his previous experience in the business in a responsible capacity.

(f) *Delegation of authority.* The Price Administrator, any Regional Administrator, and any District Director who has been authorized to act by the appropriate Regional Administrator, may by order issue waivers and take such other appropriate action as is provided for under the terms of this supplementary order.

(g) *Definitions.* Wherever used in this order,

(1) "Veteran" shall mean any person who shall have served in the active military or naval service of the United States at any time on or after September 16,

1940 and who shall have been discharged or released therefrom under conditions other than dishonorable after service of 90 days or more, or by reason of an injury or disability incurred in service in line of duty: *Provided*, That for the purpose of this order no person shall be deemed to be a veteran if the date of his release or discharge was more than 120 days prior to the beginning of the base period or prior to the applicable base date used to establish eligibility to engage in the particular business activity or to establish the required quota or to determine a highest price line or maximum average price as provided in the provision of the Price Regulation or ration order under which an appropriate order is sought pursuant to this supplementary order.

INNERSPRING MATTRESSES MADE WITH BONNELL, CLIP AND CRIMP TYPES (WIRE-TIED UNITS)

MAXIMUM PRICES FOR SALES

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register; and pursuant to § 1499.159e of Maximum Price Regulation No. 188, It is ordered:

Sec.

1. Purposes of this order.
2. Articles covered by this order.
3. Manufacturers' maximum prices.
4. Maintenance of normal production.
5. Manufacturers' reports.
6. Wholesalers' maximum prices.
7. Invoices to purchasers for resale.
8. Notification to purchasers for resale.
9. Retailers' maximum prices.
10. "Branded articles".
11. Terms of sale.
12. Relationship of this order to other orders or regulations.
13. Revision of maximum prices.
14. Revocation or amendment.

SECTION 1. Purpose of this order. Innerspring mattresses made with Bonnell, Clip and Crimp Types (wired-tied) units have been found to be a reconversion product, in accordance with the standards set forth in § 1499.159e of Maximum Price Regulation No. 188. This order specifies a price increase factor to be used by manufacturers of this product; and it sets forth the specific pricing provisions which all sellers are to follow in calculating their maximum prices for sales of the product.

SEC. 2. Articles covered by this order. This order covers all innerspring mattresses made with Bonnell, Clip and Crimp Types (wire-tied) units, including but not limited to youth-bed and crib sizes. It does not cover innerspring mattresses made with Marshall Type (pocketed coil) units.

SEC. 3. Manufacturers maximum prices—(a) Determination of maximum prices. Manufacturers shall continue to determine their maximum prices for articles covered by this order under the same regulation and pricing provisions applicable before this order was issued.

(b) **Increase factor.** Manufacturers may increase, by 16 per cent, their maximum prices (exclusive of any permitted increases) properly established under Maximum Price Regulation No. 188 or the "comparability method" of Order No. 4332 under that regulation for sales to all persons except household consumers.

(c) **"Adjusted maximum price".** A manufacturer's "adjusted maximum price" is the higher of the following three amounts:

(1) His maximum price properly established under Maximum Price Regulation No. 188 or the "comparability method" of Order No. 4332 under that regulation increased by 16 per cent in accordance with paragraph (b) of this section.

(2) His maximum price properly established under Maximum Price Regulation No. 188 or Order No. 4332 under that regulation, plus any increases in that maximum price permitted by an OPA order,¹ other than this order,

(3) His maximum price properly established under section 5 of Supplementary Order No. 118.

A manufacturer may make sales and deliveries at or below his adjusted maximum price computed under this section.

(d) **"Unadjusted maximum price".** (1) A manufacturer's "unadjusted maximum price" for his sale of an article whose maximum price was properly established under Maximum Price Regulation No. 188 or the comparability method of Order No. 4332 under that regulation, is the maximum price so established, not including any increases in that maximum price permitted by an OPA order. However, if an OPA order¹ permits the manufacturer to increase that maximum price by an amount greater than 16 per cent, the manufacturer's "unadjusted maximum price" is the amount determined by deducting an amount equal to 16 per cent of the maximum price in effect before that increase was made from the price as increased in accordance with that order.

(2) A manufacturer's "unadjusted maximum price" for his sale of an article the new maximum price of which was properly established under section 5 of Supplementary Order No. 118 is the price found by taking the following steps:

Step 1: Divide the new maximum price for the article by the increase factor permitted under section 4 of Supplementary Order No. 118 for the manufacturer's most comparable 1941 article. (The increase factor on the comparable article is found by dividing the new maximum price of that comparable article by its maximum price in effect before Supplementary Order No. 118 was issued.)

Step 2: Multiply the result of Step 1 by 10 per cent.

Step 3: Subtract the result of Step 2 from the new maximum price for the article. The result is the "unadjusted maximum price" for the article.

(3) A manufacturer's "unadjusted maximum price" for his sale of an article the maximum price of which was established under the cost method of Order No. 4332 under Maximum Price Regulation No. 188 is 86 per cent of the maximum prices established.

SEC. 4. Maintenance of normal production. An order may be issued under this section denying a manufacturer permission to adjust his maximum prices by all or part of the increase factor specified in section 3 when it appears to the Price Administrator, on the basis of information available to the Office of Price Administration, that: (a) the manufacturer has discontinued production of the low-end models which he made and delivered during the period from July 1, 1940 to June 30, 1941; or (b) the manufacturer has decreased the proportion of low-priced to high-priced models which he made and delivered during the period from July 1, 1940 to June 30, 1941, so that his present or prospective production is not representative, in that respect, of his production during that period.

¹ This refers to Supplementary Order No. 118, and to orders issued under Supplementary Orders No. 119 and 133, and Order No. A-2 under Maximum Price Regulation No. 188.

The average price at which the manufacturer's production of each article will be sold shall be a consideration in determining the amount, if any, of the increase which will be granted such a manufacturer.

SEC. 5. Manufacturers' reports. Before first offering an article for sale at a maximum price increased under this order, every manufacturer shall file a report with the Office of Price Administration. That report shall set forth the following:

- (a) The date of the report.
- (b) The manufacturer's name and address.
- (c) The model designation of the article.
- (d) The specifications of the article.
- (e) The manufacturer's "unadjusted maximum price" and his "adjusted maximum price" for sales of the article to each class of purchaser (as defined in section 3 of this order).
- (f) The manufacturer's terms, discounts, allowances, and other price differentials in effect during March 1942 or thereafter properly established under the applicable OPA regulation.

NOTE: Section 10 sets forth additional information required with respect to "branded articles."

SEC. 6. Wholesalers' maximum prices—(a) Modification of Maximum Price Regulation No. 590. This section modifies the pricing provisions of Maximum Price Regulation No. 590 with respect to articles covered by this order. Unless the context otherwise requires, the definitions in Maximum Price Regulation No. 590 apply to the terms used in this section.

(b) **Adjusted maximum price.** A wholesaler's adjusted maximum price for sales to each class of purchaser of an article covered by this order is the "net cost" of the article (based on his supplier's unadjusted maximum price) plus 80 per cent of the dollar-and-cent difference between his supplier's unadjusted maximum price and the wholesaler's actual invoice cost, multiplied by the wholesaler's appropriate "category markup".

(c) **Unadjusted maximum price.** A wholesaler's "unadjusted maximum price" is the price determined by multiplying the "net cost" of the article (based on his supplier's unadjusted maximum price) by the wholesaler's appropriate "category markup".

SEC. 7. Invoice to purchasers for resale. (a) Every person who delivers an article covered by this order to a purchaser for resale (except a retailer making a "cross-stream sale" covered by section 9 (b) of Maximum Price Regulation No. 580) shall furnish to the purchaser an invoice or other written evidence of sale, containing the following:

- (1) The name and address of both the seller and purchaser, and the date of sale.
- (2) The name, number, or other identification of each article sold.
- (3) The quantity of each article sold.
- (4) The seller's unadjusted maximum price for each article sold.

(5) The actual selling price of each article sold.

(6) The nature and amount of any additional charges.

(7) The terms of sale.

(b) No article covered by this order may be sold at a price higher than the seller's unadjusted maximum price for the particular sale, unless the information specified in items (4) and (5) of the preceding paragraph is separately stated on the invoice or other written evidence of sale, and unless the seller's unadjusted maximum price is so identified.

(c) The seller shall retain a copy of such invoice or other written evidence of sale, for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(d) A retailer making a cross-stream sale to another retailer must furnish the purchaser with the proper invoice required by section 9 (b) of Maximum Price Regulation No. 580. If the cross-stream sale is made in accordance with section 9 (b) (1) of Maximum Price Regulation No. 580 the seller must also state on his sales invoice his supplier's unadjusted maximum price for each article covered by this order which appears on the invoice.

NOTE: The provisions of this section are modified by section 10 with respect to transactions involving "branded articles".

SEC. 8. Notification to purchasers for resale. At the time of, or prior to, the first invoice to each purchaser for resale showing a maximum price adjusted in accordance with this order, the seller shall notify the purchaser in writing, that:

SEC. 9. Retailers' maximum prices—

(a) **Retailers whose sales are covered by Maximum Price Regulation No. 580.** If the retailer determines his maximum price under a pricing chart in accordance with Maximum Price Regulation No. 580, his maximum price shall be the price which he calculates under the pricing chart by using a "net cost" based upon his supplier's unadjusted maximum price, as set forth on the purchase invoice. Unless the context otherwise requires, the definitions in Maximum Price Regulation No. 580 apply to the terms used in this paragraph (a).

(b) **Retailers whose sales are covered by the General Maximum Price Regulation.** If the retailer determines his maximum prices under the General Maximum Price Regulation, his maximum price for sales of an article covered by this order shall be computed as follows:

(1) A retailer who delivered or offered for delivery during March 1942 an article which meets the definition of most com-

parable commodity" contained in § 1499.3 (a) of the General Maximum Price Regulation, except that it need not be currently offered for sale, shall determine his maximum resale price by adding to his supplier's unadjusted maximum price (as it appears on his purchase invoice) the same markup which he had on that comparable article, according to the method and procedure set forth in that section.

(2) The determination of a maximum resale price under (1) need not be reported to the Office of Price Administration. However, each seller must keep complete records showing all the information called for on OPA Form 620-759, with regard to how he determines his maximum resale price. These records shall be kept available for inspection by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(3) If a retailer cannot determine his maximum resale price under (1), he shall apply to the Office of Price Administration for the establishment of his maximum resale price under § 1499.3 (c) of the General Maximum Price Regulation. The retailer's application shall, in addition to the information specifically required by that section, also give the following information:

(i) His supplier's unadjusted maximum price.

(ii) His actual invoice cost.

(iii) A retailer's maximum price established under this subparagraph (3) will be in line with retailer's maximum prices established generally under this order.

NOTE: If the article being priced is a "branded article" its retail ceiling price is fixed by section 10.

SEC. 10. "Branded articles." This section sets forth the changes and additions to the other provisions of this order, applicable to transactions involving "branded articles."

(a) **Definition.** An article covered by this order is a "branded article" if:

(1) It was advertised by manufacturers at a uniform retail price, during or prior to March 1942; and

(2) It is identified by a brand or company name; and

(3) During or prior to March 1942, it generally was sold at retail at the advertised uniform retail price.

(b) **Retail ceiling price.** The maximum price for sales of a branded article by a retailer to an ultimate consumer is the uniform retail selling price in effect during March 1942, and which is properly stated on the tag attached to the article.

(c) **Manufacturers' reports.** Before first offering a branded article covered by this order, for sale after the effective date of this order, each manufacturer shall file a report with the Office of Price Administration, Washington 25, D. C., which report shall set forth the information specified in section 5 (a), and also:

(1) The brand name of the article.

(2) The retail ceiling price of the article.

(d) **Invoices to purchasers for resale.**

(1) If the branded article is sold by a

manufacturer to a retailer, the invoice required by section 7 (a) of this order shall set forth all the information required by that section, except that it shall not set forth the manufacturer's unadjusted maximum price but shall instead state the retail ceiling price of the article in the following form (with the blank properly filled in).

OPA Retail Ceiling Price—\$-----

(2) If the branded article is sold to a wholesaler, the invoice required by section 7 (a) of this order shall, in addition to the information set forth in that section, also state the retail ceiling price in the following form (with the blank properly filled in)

OPA Retail Ceiling Price—\$-----

(3) If the branded article is sold by a wholesaler to a retailer, the invoice required by section 7 (a) of this order shall set forth all the information required by that section, except that it shall not set forth the seller's unadjusted maximum price.

(4) If the branded article is sold by a retailer to another retailer (cross-stream sale) the seller shall furnish the purchaser only with the proper invoice required by section 9 (b) of Maximum Price Regulation No. 580.

(e) *Tagging by manufacturers.* On and after January 1, 1946, no manufacturer shall deliver any branded article unless it has attached to it a durable tag or label which shall state in clearly readable print, the brand name of the article, and the following statement with the amount properly filled in:

OPA Retail Ceiling Price—\$-----

This Tag May Not Be Detached Until After Delivery To The Consumer

SEC. 11. Terms of sale. Every seller of an article covered by this order must maintain all terms, discounts, allowances, and other price differentials (including PMS—premium money payments), in effect during March 1942, or which have been subsequently properly established under Office of Price Administration regulations or orders.

SEC. 12. Relationship of this order to other orders or regulations—(a) Maximum Price Regulation Nos. 188, 580 and 590. The provisions of this order supersede the provisions of Maximum Price Regulation Nos. 188, 580 and 590, only to the extent that they are inconsistent with the provisions of those regulations.

(b) *Supplementary Order Nos. 118, 119 and 133, or Order No. A-2 under Maximum Price Regulation No. 188.* Manufacturers may continue to adjust their maximum prices in accordance with the increase permitted under Supplementary Orders Nos. 118, 119 and 133 or Order No. A-2 under Maximum Price Regulation No. 188, instead of the increase factor specified in section 3.

SEC. 13. Revision of maximum prices. Any maximum price adjusted under this order may be revised by the Price Administrator whenever he determines that such adjusted maximum price is not in line with the level of October 1941 prices increased by 16 percent, giving due consideration to the manufacturer's cus-

tomary price relation to other manufacturers in the industry.

Sec. 14. Revocation or amendment. This order may be revoked or amended by the Price Administrator at any time.

Effective date. This order shall become effective on December 13, 1945.

HUDSON MOTOR CAR CO.

ADJUSTMENT OF MAXIMUM PRICES

The Office of Price Administration expects to issue shortly a maximum price regulation under which prices for automotive trucks higher than March 31, 1942 prices may be authorized in accordance with OPA's reconversion formula. The prices of such trucks are now controlled by Revised Maximum Price Regulation 136 which has as its base date March 31, 1942.

The Hudson Motor Car Company has now in production the 1946 model of its "58" $\frac{3}{4}$ Ton Cab Pickup. Pending the issuance of the new regulation, it wishes to distribute this new truck to sellers at retail for showroom purposes. It has requested that it be authorized to charge its March 31, 1942 price to be adjusted upwards after delivery in accordance with any increase in price it may subsequently be authorized to charge.

The adjustable pricing order requested is considered necessary to promote distribution. Such an order is in accordance with the Emergency Price Control Act of 1942, as amended, and Revised Maximum Price Regulation 136.

Therefore, in accordance with section 23 of Revised Maximum Price Regulation 136 and the Emergency Price Control Act of 1942, as amended, it is ordered:

(a) The Hudson Motor Car Company, Detroit 14, Michigan, and its distributors are authorized to sell and deliver to dealers and distributors each 1946 model of the Hudson "58" $\frac{3}{4}$ Ton Cab Pickup

at the maximum price permitted under Revised Maximum Price Regulation 136 to be adjusted upwards by the amount of the increase in such price which is authorized by the Office of Price Administration.

(b) This order does not apply to sales to consumers.

(c) This order may be amended or revoked by the Administrator at any time.

This order shall become effective December 13, 1945.

Issued this 13th day of December 1945.

at a price of 102.06% of the principal amount thereof plus accrued interest from November 1, 1945, resulting in an underwriters' spread equal to .381% of the principal amount of the bonds; and

Said amendment also setting forth that Buffalo Niagara has obtained from the Public Service Commission of the State of New York a final order expressly authorizing the issue and sale of said bonds; and

The Commission having examined said amendment with respect to certain of the legal services performed for Buffalo Niagara and the underwriters in connection with the transactions, together with a statement of legal fees in the amount of \$25,000 and \$1,500 to be paid by Buffalo Niagara to LeBoeuf & Lamb and Gordon A. Fraser, respectively, counsel for Buffalo Niagara (no information being submitted as to the fee of Smith, Rae, Greer & Cartwright, also counsel for Buffalo Niagara) and legal fees in the sum of \$20,000 to be paid by the underwriters to Simpson, Thatcher & Bartlett, counsel for the underwriters; and

The Commission having considered the record herein and finding no basis for imposing terms and conditions with respect to the price to be paid to the company, the interest rate on the bonds, the redemption price thereof, or the underwriters' spread and its allocation; and

It appearing to the Commission that the legal fees and expenses to be paid to LeBoeuf & Lamb, Gordon A. Fraser and Simpson, Thatcher & Bartlett are not unreasonable and that jurisdiction over them should now be released;

It is ordered, That said application, as amended, be, and the same hereby is, granted, subject to the terms and conditions prescribed in Rule U-24, and that the jurisdiction heretofore reserved over the payment of legal fees and expenses of counsel in connection with the proposed transaction be, and the same hereby is, released in respect of the fees and expenses of LeBoeuf & Lamb, Gordon A. Fraser and Simpson, Thatcher & Bartlett, the jurisdiction heretofore reserved over the remaining legal fees and expenses being continued.

By the Commission.
